## INTRODUCTION

The Jaguar XK180 Reproduction is a remarkably exclusive high performance car, for two simple reasons: it's extraordinary fast, and there's only ONE.

## BETTER THEN THE ORIGINAL

Inspired by the magnificent Jaguar XK180 Concept from 1998, the main purpose of the Reproduction project by JePe Specials was creating the ultimate remake of the original concept car. It hasn't become that. It's better.

THE DRIVABILITY YOU DEMAND.  
THE PERFORMANCE YOU EXPECT.

## INTRODUCTION

### DRIVEN BY **PURE PASSION**

The Jaguar XK180 Reproduction is handcrafted with pure passion for performance and an endless drive for perfection.

Thereby it's a modern reflection of automobile glory years, powered by unadulterated Dutch craftsmanship and first-class Jaguar technology.

Wrapped in an authentic, timeless and yet an advanced British design.

Brand new and yet so classy.

## *HISTORY*

Dreams can come true. You only have to look once at the Jaguar XK180 Reproduction to understand that's a fact.

Initially this high-end product was based on the dream of one Dutch man. 10 years after Jaguar introduced their XK180 Concept in Paris, he let his eyes on the car for the very first time. An idea was born: creating the ultimate (re)production version of the XK180. The rest is *HIS*tory...

However, with the (re)birth of the Jaguar XK180 Reproduction, not only his, but a dream of many enthusiasts will be realized. Due to its unique design features, strong performance and excellent build quality, this singular two-seater roadster adds a whole new chapter to a story about uncompromising power and refinement.

IN THE END, THERE'S **ONLY ONE** WHO  
DECIDES HOW THE STORY CONTINUES: **YOU**

The Jaguar XK180 Reproduction guarantees an unforgettable (driving) experience, whether you're in alongside the driver or you're behind the wheel. Of course, eventually you will prefer the latter.

That's a promise.

## DESIGN

Through its gracefully, sleek silhouette, the Jaguar XK180 Reproduction is a delightful presence to look at. No matter from which angle you behold the car, the curved lines will mesmerize in a fascinating way. The XK180 Reproduction truly is one of kind. And it's that kind of car you just keep looking at.

STYLISH, DYNAMIC,  
DISTINCTIVE & TIMELESS:

### THE JAGUAR XK180 REPRODUCTION HAS IT ALL.

Yet the powerful line running down the side of the sharp aluminium bodywork with the uniquely shaped "double-bubble" windshield on top, and the strong rear haunch featuring the integrated tail spoiler and exclusively designed LED rear lights, betray the reserves of power concealed beneath the car's sculpted bonnet, which is beautifully interrupted by hand-milled louvers.

It's clearly visible: the Jaguar XK180 Reproduction is a highly progressive design statement and a classy looking sports car, merged into one well-rounded aluminium body, emerged from 1000 man-hours of tapping, turning and welding by experienced professionals, specialized in restoring classic (sports) cars.

HIGHLY PROGRESSIVE  
AND YET SO CLASSY.

## DESIGN

## INTERIOR

Spend time in the XK180 Reproduction and you might not want to get out.

The interior represents a unique marriage of traditional craftsmanship and technical innovation. It's fabricated by today's high quality materials and the latest technologies, and yet crafted by real men, with an unadulterated passion for authentic automotive engineering.

You can feel it by touching the beautiful Ohmann® leather upholstery on the racing seats and dashboard. Or by the stylish handcrafted aluminium details on the dashboard with its characteristic toggle switches and air vents.

EVEN THE **GRACEFULLY** SHAPED DOOR PANELS ARE FINISHED WITH MATCHING ALUMINIUM HANDLES ON THE **BEAUTIFUL** INSIDE OF THE XK180 REPRODUCTION

But it's not all ostentation. The interior is just as effectual as it is luxurious. The leather steering wheel is equipped with quick release technology for getting in and out of the car easily, while the metal sports pedals ensures endless grip during accelerating at full throttle or when hitting the brakes at high speed. The LED control lights in the dashboard reveal the effectual information you need, when all the attention goes to total car control. The handling is like an extension of the inner strength; once aboard the XK180 Reproduction, you'd wish the ride would take forever.

# HANDLING AND PERFORMANCE GO TOGETHER LIKE NO OTHER.

## PERFORMANCE

The Jaguar XK180 Reproduction immerses its occupants in absolute sportsmanship. Of course, there are the amazing design features and numerous luxurious details. But in the end, it's all about what is underneath.

The XK180 Reproduction is built to deliver great performance and pure handling. Thanks to the 4.0 litre Jaguar Supercharged V8 engine, you'll experience near-limitless power, hidden beneath a spectacular looking all-aluminium coach. The combination delivers an incredible output up to 450 bhp, weighing only 1200 kgs. This unique ratio results into massive figures:

**ACCELERATING** FROM 0-60 MPH TAKES ABOUT 4.5 SECONDS, WHILE THE TOP SPEED IS A REAL STAGGERING **180 MPH**

The braking is almost as overwhelming as the speeding. Jaguar branded Brembo calipers convert all the explosive energy in no time into braking force.

## PERFORMANCE

JePe Specials offers different kinds of powertrains, to fulfil every personal desire as it comes to the technical part of the XK180 Reproduction. But whichever engine you choose, whatever transmission you prefer, the shortened version of the Jaguar XKR platform, which the XK180 Reproduction is based on, ensures superb drive-ability in every kind of way.

The XK180 Reproduction is extremely responsive at low speeds and tremendously quick at each gear being switched. That's exactly why accelerating in the XK180 Reproduction not only is a unique experience, it feels like it's infinite... Meanwhile, the engine management system and high quality Intrax® custom made suspension provide total car control and effortless power, which is available constantly. Basically, when you hit the throttle of the Jaguar XK180 Reproduction, nothing seems to be impossible.

## ACCESSORIES

All accessories for the Jaguar XK180 Reproduction are tested to JePe Specials standards, and enabled by specialized designers and skilled engineers whom are involved in setting the specifications properly. Accessories include protective personalized car covers for both indoor and outdoor use, cufflinks specified by your name, a personalized book (which will be a standard free accessory to go with your car) concerning your car and your name embroidered in the car's leather racing seats.

### YOUR **WISH** IS OUR **COMMAND**

The cufflinks for instance, can also be made out of silver. In that case, this particular accessory will be a 3D image of the XK180 Reproduction. Furthermore, the name specification in the leather racing seats, will be done according to your wishes. Just like the design for your single made car cover. Anything to realize your perfect dream car. A true one-off.
