Stored DTC: (KWP2000) 0

Stored DTC: (Nissan Consult 2) 0

WARNING!

WARNING!

SOME CARS DOESN'T ALLOW TO CLEAR CODES WHILE ENGINE IS RUNNING.

Please, try to clear DTC codes when IGNITION in ON, but ENGINE in OFF.

This will clear all emission-related diagnostic information, including:

- number of DTC
- DTCcodes
- freeze frame data
- oxygen sensor test data
- on-board monitoring test results
- distance travelled with MIL active
- number of warm-ups since DTC cleared
- distance since DTC cleared
- minutes run by the engine while MIL activated
- time and distance since DTCcleared
- on some cars - fuel adaptation data (long term fuel trim, knock adaptations, etc.)

ARE YOU SURE?

Yes

No
