**NOTES ON ORDERING THE 2012 XK:**

- ▶ XKR-S is built to order only; contact your Market Manager for allocation
- ▶ Dealer installation of front splitter: note that to maintain shipping clearance the lower front splitter (or spoiler) on certain XK models/options is shipped in the trunk of the vehicle; the splitter will need to be installed at the dealership prior to sale. To compensate the dealership for the labor cost incurred to install the splitter the invoice price of these models and/or options has been lowered - thereby increasing the dealer's profit.  
Affected models/options include: XKR-S, XKR Black Pack & XKR Dynamic Packs

**CHANGES FOR 2012 MODEL YEAR:**

- ▶ Redesigned bumpers, incorporating slim line headlamps and LED signature lights
- ▶ New XKR-S performance halo model
