

Jaguar APPROVED CPO Reference Guide

Excluded Components / Covered Components / Technical Bulletin

Effective April 15, 2017

Exclusionary List: from the Jaguar APPROVED CPO Program Guide

Definition of Warranty Coverage

Coverage:

The Jaguar APPROVED Certified Pre-Owned Limited Warranty covers any factory-supplied component of the Jaguar vehicle that is defective, **with the exception of the following items:**

Mechanical

Battery and cables, belts and hoses, brakes (pads, shoes, rotors, drums), exhaust system and catalytic converter, bulbs and lenses, manual clutch assembly (pressure plate, friction disc, release bearing), front and rear shock absorbers, struts, Supplemental Restraint System (SRS), coil springs, spark plugs and wires, wiper blades, tires, wheel studs, antenna motor and mast, wheel and tire balancing and rotation, serviceable bushings, wheel alignment, engine adjustments, headlamp aiming, suspension adjustment, squeaks and rattles, non-Jaguar supplied equipment or accessories, including but not limited to audio equipment.

Interior

Carpet, leather, upholstery, soft trim, wood trim, trim adjustments, fabric and headliner, Rear view mirror, dash pad, knobs, buttons, interior fittings and storage compartments, squeaks and rattles.

Exterior

Frame, frame adjustments, frame brackets and supports, glass and plastic body parts, glass and body adjustments, chrome, bright metal trim, sheet metal, bumpers and absorption struts, convertible top, paint, corrosion, moldings, side-view mirrors, wheels and tires, hubcaps, body seals and gaskets (e.g., weather-stripping), ornaments/badges, grilles, water leaks, wind noise, squeaks and rattles.

****THIS IS A REFERENCE GUIDE OF COVERED JAGUAR APPROVED CPO COMPONENTS AND MAY NOT BE AN ALL INCLUSIVE LIST. JAGUAR RESERVES THE RIGHT TO ADD OR REMOVE COMPONENTS FROM THIS LIST AT ANY TIME WITHOUT PRIOR NOTICE.**

The following components are covered for Manufactures Defects only, not wear or abuse. Remanufactured components must be used for APPROVED CPO repairs.

JTB00226NAS1 - Rear License Plate Lamp Illumination Inoperative
JTB00230NAS2 - Transmission Control Switch Module DTC Diagnostics
JTB00244NAS1 - Off Throttle Engine Idle Fuel Cut In Timing

Technical Bulletin List - Covered Under APPROVED CPO*

(*not an all-inclusive list)

JTB00247NAS1 - Rear Brake Caliper Identification
JTB00264NAS2 - Satellite Digital Audio Receiver System 'Locks Up'
JTB00268NAS3 - Engine Hard to Start After Hot-Soak
JTB00277NAS1 - Touch Screen Intermittently Blank on Start Up
JTB00278NAS2 - Coolant Pump Diagnostics
JTB00280NAS4 - Front Overhead Console Lights Turn On / Off Unexpectedly
JTB00286NAS1 - Front Overhead Console Lamps Do Not Operate As Expected
JTB00290NAS1 - Point Of Interest Icons Not Displayed on Navigation System Map
JTB00292 – FREEZING LATCH/DOOR WILL NOT CLOSE
JTB00293-INCORRECTLY WIRED INPUT JACK
JTB00295- UNABLE TO SELECT DRIVE (D) OR REVERSE(R) AFTER ENGINE START
JTB00297NAS1 - Tire Pressure Monitoring System - Improved Diagnostics & Service Info
JTB00299NAS1 - Engine Detonation Under Moderate Load
JTB00301NAS1 - Fuel Gauge Operation
JTB00303NAS2 - Rhythmic 'Blip' Noise From Front Door Speakers
JTB00308NAS1 - Electric Park Brake Switch Diagnostics
JTB00312NAS1 - Touch Screen Blank After Starting Engine
JTB00317NAS2 - Tire Pressure Monitoring System Control Module Reset Issue
JTB00321NAS1 - Automatic Temperature Control Module Software Update
JTB00324NAS1 - Transmission Stuck in Park on Start Up
JTB00325NAS1 - Transmission Calibration Update
JTB00328NAS1 - Touch Screen Reset With DTC U1A4B-48 Stored
JTB00340NAS1 - Headlamp System DTCs - Right First Time Repair Diagnosis
JTB00342NAS1 - Navigation Defaults To A Regional Location
JTB00349NAS1 - Supercharger 'Clattering' / 'Knock' / 'Rattle' Noise - 5.0L V8 SC Engine
JTB00356NAS2 - Supercharger 'Clattering' / 'Knock' / 'Rattle' Noise
JTB00352NAS1 - FM1 Presets Inoperative / Radio Stuck in AM Waveband
JTB00354NAS3 - Instrument Cluster / Touch Screen and Headlamp Flicker
JTB00380NAS2 - Inadequate A/C Performance / Direct Pressure Sensing Valve Replacement
JTB00382NAS1 - Poor Transmission Shift Quality
JTB00423NAS2 - Accessory Drive Belt Idler Pulley 'Humming' Noise
JTB00433NAS1 - Adaptive Front Lighting System Warning Lamp Illuminated
JTB00436NAS3 - DMTL Pump Water/Ice Ingress
JTB00438NAS1 - Air Suspension System Compressor Electrical Connector Replacement
JTB00442NAS1 - Fuel Tank Difficult to Fill
JTB00465NAS1 - Left-hand / Right-hand Climate Control Vents Do Not Rotate
JTB00492NAS2 - Auto Stop/Start System Inoperative
JTB00501NAS1 - Engine Speed Dip/Hesitation
JTB00533NAS1 - Engine Misfire / MIL Illuminated After Cold-Start
JTB00542NAS1 - Oil Leak From Transmission Threaded Boss
JTB00557NAS1 - 'Adaptive Dynamics Fault' Message Displayed in Instrument Cluster
