- Jaguar Service Complimentary scheduled maintenance
- Jaguar Assistance 24/7 roadside assistance
- myJaguar.com Exclusive owner web pages
- Jaguar Magazine Quarterly Jaguar publication
- Jaguar Racing Exclusive owner invitation to Jaguar's Racing Gold Club

BUMPER QUALITY LABEL

This vehicle is equipped with a front bumper that has been tested at an impact speed of 5.0 miles per hour and a rear bumper that has been tested at an impact speed of 5.0 miles per hour and has sustained no damage to vehicle's body and minimal damage to the bumper and attachment hardware. Minimal damage to bumper means damage that can be repaired with the use of common repair materials without replacing parts. The stronger the bumper the less likely the car will require repair after a low speed collision.* (For corners, the impact is 60% of that stated above).

IMPORTANT NOTICE

These impact speeds are good faith estimates of the speeds at which the described extent of bumper damage will not be exceeded based on reasonable engineering judgment and data from testing pursuant to the federal bumper standard which prohibits damage to the vehicle body or safety systems in 5.0 mph impacts, but sets no limits on damage to bumpers and their associated components and fasteners. This vehicle meets the federal bumper standard at 5.0 mph front and rear, and 3.0 mph on the bumper corners.
