Remove and destroy Bulletin X-24 dated 05/03.
Replace with this Bulletin.
Revisions are marked with a bar and in **bold text**.

Issue:

Voice activation is now available as an accessory on **all 2004 MY-on XJ range** vehicles. This system allows the driver to operate the climate control system, the audio system, navigation system and the cellular phone by giving voice commands into the roof-mounted microphone.

The system is able to interpret most English speakers without difficulty but if some voice commands are not recognized, voice training for up to two people can be carried out to help the system better understand the operator. This is described in the Voice Activation Handbook.

Note: Rear Voice Activation is **NOT** available for North America.

Components Required

- Voice activation module ~~XR8 34964~~ **XR8-49645**
- Fitting kit C2C 15665
- Voice activation handbook JJM180921/30
- Microphone (if needed) C2S 15896
- D2B link lead (see matrix) **C2C14168**
C2C21851

XJ D2B Link Lead Matrix

To select correct Telematics link lead from the matrix below please read the following;

- 1) Select the final specification of vehicle once upgraded (including existing features)
- 2) Select link lead part number from the matrix below for final specification of vehicle.

Please note only 1 link lead is required for any upgrade.

		Final vehicle specification post upgrade																					
		Link Lead Part No.	C2C 14149	C2C 14156	C2C 14148	C2C 14157	C2C 14150	C2C 14147	C2C 14151	C2C 14162	C2C 14171	C2C 14165	C2C 14173	C2C 14164	C2C 14172	C2C 14163	C2C 14153	C2C 14154	C2C 14155	C2C 14168	C2C 14169	C2C 14170
