Please copy your Parts, Service, and Sales Management

The 2002 MY Cellular Telephone Program is very similar to the 2001 MY Program. There are a few new part numbers / revisions along with a new carrier- Cingular, to add to the current available carriers - AT&T, Sprint, and Verizon. Several resources are available to you for support:

- **Website - www.jagdigitalphones.com** username: jagphones password: digital
This website is designed for dealer use only.
- **Motorola Hotline:** 1-877-MOT-SUPPORT
- **Jaguar Technical Hotline** at 1-888-JAGDLRS
- **JNA Accessories & Telematics Specialist** - Christopher Whitney - 201-818-8095 or email - cwhitne1@jaguar.com

Dealer Training for the Phone Program is available at **no cost** to the Dealership. JNA and Motorola have teamed up with American Wireless to provide Dealer Training. Sign-up using one of these 3 methods:

- Ask your After Sales Market Manager or your Market Manager.
- Call 1-877-MOT-SUPPORT (877-668-7877), press Option #3, then Option #1 for training.
- Logon to www.jagdigitalphones.com (see above for username and password), on the home page, in the left margin, click on 'Contact Us'. Fill in the short form and in the 'Comments' box type 'Dealer Training Request'.

PARTS PROCESS

- Choose the appropriate Vehicle Kit. There are dedicated Vehicle Kits for each of our vehicles. See detailed list below.
 - There is also an optional Voice Activation Kit for S-TYPE (part numbers on page 2).
 - Voice Activation will also be offered on X-TYPE, but is delayed until March 2002. X-TYPE vehicles manufactured prior to this cannot be retrofitted with Voice Activation.
- There are currently four carriers that Jaguar has handsets for – AT&T, Sprint, Verizon, and Cingular. The Handset Kit contains the telephone handset, battery, charger, belt clip, and handset-operating manual.

Also included in this bulletin is a list of Phone System Spare Parts and Digital Phone Accessories.

A) Choose a Vehicle Kit:
2001 or 2002 MY XJ
