January 26, 1988

Mr. Robert J. Madigan 9318 Old Mansion Road Alexandria, Virginia 22309

Dear Mr. Madigan:

Congratulations on your purchase on January 23, 1988 of a 1986 Jaguar XJ-S Convertible, I.D. Number SAJNV5849GC132602, from Rosenthal Jaguar.

The following are facts for your information regarding this very special and unique motor car:

- l. The car was one of only five XJ-S Convertibles produced by Jaguar and converted by Hess and Eisenhardt during the 1986 model year.
- 2. Since its manufacture in 1986, the car has been owned by Jaguar and used only for display and study purposes at Jaguar and Hess and Eisenhardt.
- 3. Except for certain interior trim items and switch configuations, the vehicle was built, and conforms to, 1988 model standards and specifications. It was converted from a coupe into a convertible by Hess and Eisenhardt, as are the 1988 model convertibles.
- 4. The car was sold by the factory to this dealership on January 8, 1988, and we sold it to you, the first individual to take title to the vehicle, on January 23, 1988, with a Three year, Thirty-Six Thousand mile New car warranty, as well as Jaguar "Service on Site" program, which is otherwise offered only on 1988 models.

When the car was sold to you, it had 804 miles on it since its manufacture. We certainly hope you will have many years of enjoyment in this very special car.

Sincerely,

Rosenthal Jaguar
