Subject	New Engine Oil Specification: STJLR.51.5122		Models AJ200P

To: All UK Authorized Repairers, National Sales Companies and Importers
For the Attention of: The Managing Director
Copies to: The Service/After-Sales Director/Manager
The Parts Director/Manager
The New Car Sales Director / Manager

Dear colleague,

The purpose of this letter is to announce that Jaguar Land Rover's own engine oil specification STJLR.51.5122 is applicable for the AJ200 Petrol Ingenium engine.

Failure to use lubricants accredited by Jaguar Land Rover and meeting the STJLR specifications for vehicles equipped with these new engines may result in mechanical breakdown not covered by warranty.

Castrol EDGE Professional E 0W-20 has been jointly developed for the AJ200P with Jaguar and Land Rover and is approved to Jaguar Land Rover engine oil specification STJLR.51.5122. It improves fuel efficiency, reduces CO₂ emissions, and metal to metal friction and wear*. Castrol EDGE Professional is the only engine oil recommended by Jaguar Land Rover.

* In tests versus Castrol Edge Professional A1 5W-20

To order this product, or if you have any questions regarding pricing, minimum order quantities, lead-time, please contact your local Castrol representative or your local distributor. This product will be available in various pack sizes and quantities depending on market requirements.

CASTROL EDGE PROFESSIONAL EXCLUSIVELY RECOMMENDED BY JAGUAR LAND ROVER

Yours faithfully

Huw David
Global Commercial & Customer Retention Director
