BUMPER QUALITY LABEL
 THE STATE OF CALIFORNIA REQUIRES THAT THE FOLLOWING NOTICE BE AFFIXED TO NEW PASSENGER VEHICLES.
 This vehicle is equipped with a front bumper that has been tested at an impact speed of 2.8 miles per hour, and a rear bumper that has been tested at an impact speed of 2.5 miles per hour and has a 1.5 inch deflection to the body and minimal damage to the bumper and adjacent hardware. Minimal damage to bumper means damage that can be repaired with the use of common repair materials without repainting. The strength of the bumper is likely to be less than that required after a low speed collision. For example, the impact is 60% of that stated above.

IMPORTANT NOTICE
 These bumper quality labels are placed on the vehicle at the time of sale. The bumper quality label is not intended to be used as a warranty or as a guarantee of performance. The bumper quality label is not intended to be used as a warranty or as a guarantee of performance. The bumper quality label is not intended to be used as a warranty or as a guarantee of performance.
