## Accessory Installation Of Navigation System – Clarification

MODEL 2001 MY-ON  
V8 XJ Series

VIN F20645-ON

Remove and destroy Non-NAS Bulletin 419-10, dated 8/00. Replace with this Bulletin, which covers a NAS-specific topic.

### Issue:

The current instructions (JLM 21312/FIT) for accessory navigation system installation include steps for installation of a speed interface CAN module. This module is not required when installing the system into a 2001 MY V8 XJ Series. Therefore, steps 157 through 162 should be skipped for 2001 MY-ON vehicles. The speed interface module is still applicable when installing the system into a 2000 MY V8 XJ Series vehicle.

### Parts Information:

The following part numbers are needed in order to install the navigation accessory system into a 2001 model year sedan.

<u>DESCRIPTION</u>	<u>PART NUMBER</u>	<u>QTY.</u>
Basic Navigation Kit	JLM 21312	1
Harness for Non-Premium ICE	LNG 3650DC	1
Harness for Premium ICE	LNG 3650CC	1
Navigation DVD for all USA	LJD 2441GC	1
Navigation Hand Book	JJM 18 05 12/10	1

**Note:** Speed interface CAN Module Installation Kit P/N JLM 21313, which was required for 2000 MY vehicles, is **not** needed for 2001 MY navigation installation.
